

## Version 2.5 Release Notes

October 14<sup>th</sup>, 2021

7NOX is an after-hours HVAC scheduling & billing app that saves facility managers time and money.

### New Features:

#### *Customised Logos for Reports*

Customize booking reports with company logos for a seamless experience for your tenants.

#### *Force Password Reset for New Users*

Admins can now prompt new users to reset their passwords for added security.

#### *User Account Reactivation*

Reactivate an old or lapsed user account.

#### *Calendar Select Feature*

Selecting and booking a date range is easier now with the new click-and-drag feature.

Watch this [video](#) to learn more about these new Version 2.5 features.
